### Lesson 1.03

## Domain and Range Notation Practice

For each graph give the domain and range in a) interval notation and b) inequality notation.

a. interval notation

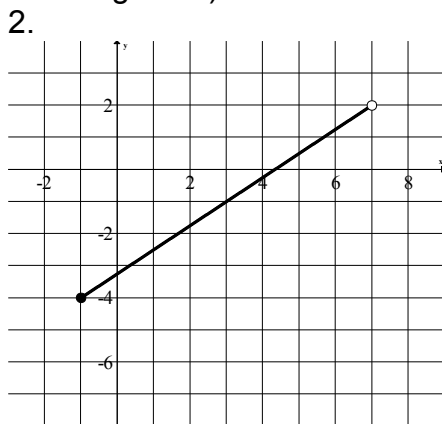

domain-

range-

b. inequality notation

domain-

range-

a. interval notation

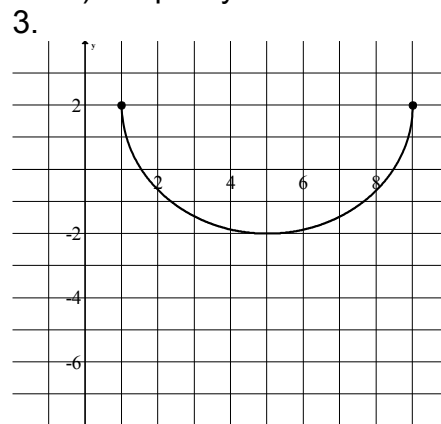

domain-

range-

b. inequality notation

domain-

range-

a. interval notation

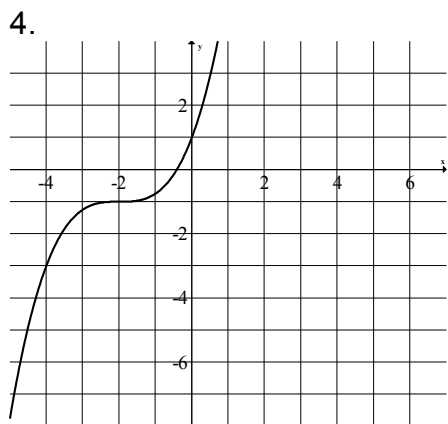

domain-

range-

b. inequality notation

domain-

range-

a. interval notation

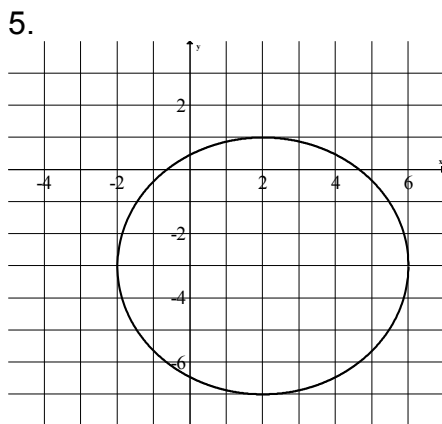

domain-

range-

b. inequality notation

domain-

range-

a. interval notation

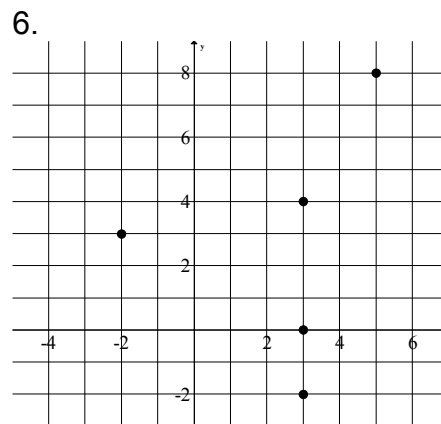

domain-

range-

b. inequality notation

domain-

range-

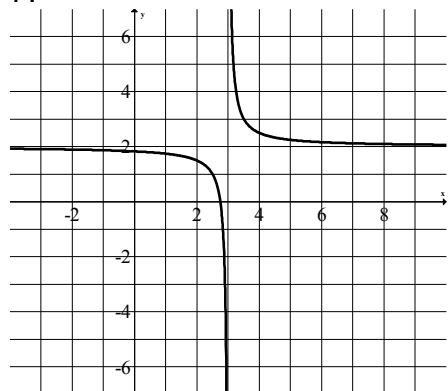

domain-

range-

Follow directions.

7.

a. interval notation

domain-

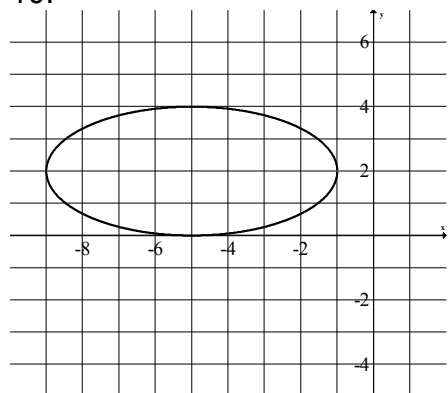

range-

b. as an inequality

domain-

range-

10.

a. interval notation

domain-

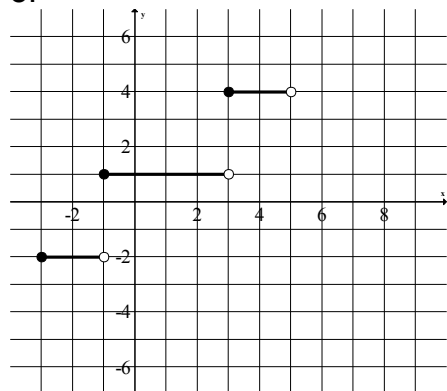

range-

b. inequality notation

domain-

range-

8.

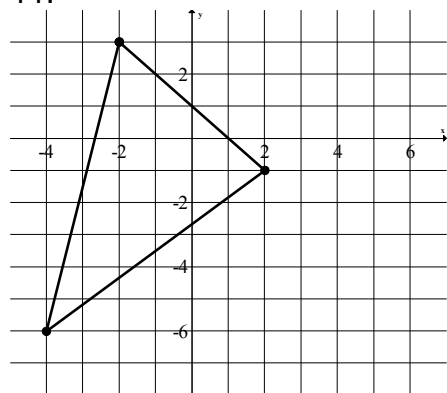

a. interval notation

domain-

You cannot use interval notation for the range, since it is a set of values.

c. Describe the range-

11.

a. interval notation

domain-

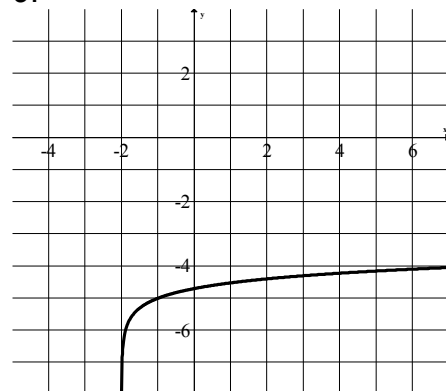

range-

b. inequality notation

domain-

range-

9.

a. interval notation

domain-

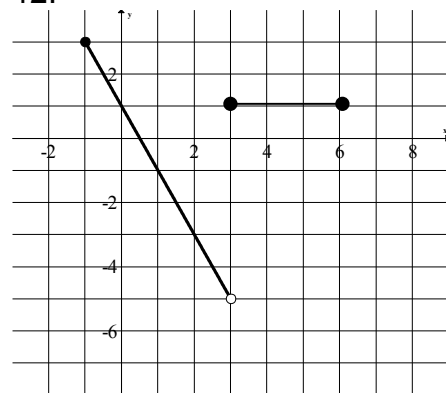

range-

b. inequality notation

domain-

range-

12.

a. interval notation

domain-

range-

b. inequality notation
